6" Reflector Cone Trim Fresnel Lens

Product Description

Add a little sparkle and shine to your room with this six-inch Fresnel lens reflector cone. Recessed lighting reflector trims have a smooth, shiny cone that helps to fill any space with intense light. This type of trim is most widely used in places that require extra amounts of brightness like a bathroom, kitchen or warehouse.

Features

Clear reflector fresnel lens
OD: 7 1/4"
Also requires 17600 frame insert
